*Very good public transportation in the area, parking is difficult (26) / Why: Experience the relaxing atmosphere and outdoor fun in Onet Town, close to museums and libraries (27) / Int: wine tasting, music, theatre (28)*

- 1: State that the host resides in.
- 2: Zip code that the host resides in.
- 3: City that the host resides in.
- 4: Street address that the host lives in (This may be hidden if it is a private address)
- 5: Distance in miles, and direction from a major city or landmark.
- 6: Pets that are in the hosts home. C stands for Cats, D stands for Dogs, B stands for Birds, and O stands for Other. If the host has multiple pets, there will be multiple letters after Pets.
- 7: Disabilities that the host can accommodate for. These are abbreviated as: H for Hearing, V for Vision, G for Guide Dog, C for Cane/Walker/Etc, W for Wheelchair
- 8: How many guests the hosts will accept per visit.
- 9: If (FAM) is listed here, this indicates that the host would like to accommodate families.
- 10: The number of nights that the host typically wants to host for, along with a number of additional days that are open for negotiation. (1d indicates that they are a Day Host and do not provide a place to sleep.)
- 11: The first number is the number of days of advance notice that are necessary (dn), the second number is the number of days of advance notice that are advised (da)
- 12: SBA indicates that a sleeping bag is advised, while SBN indicates that a sleeping bag is necessary.
- 13: WMT Indicates that this host would particularly like to receive more travelers.
- 14: HIS, SOK, NIS and NSA indicate the hosts preferences regarding smoking in their house. HIS indicates that the host smokes inside the house, SOK indicates that smoking is OK inside of the house, NIS indicates that no smoking is allowed inside

the house, NSA indicates that the host would prefer you did not smoke near them or their property during your visit.

15: The name in bold is the name of the primary account member.

16: The first number inside of the parenthesis is the age of the host. The "M" or "F" character is their gender.

17: The next line of text describes the host's occupation.

18: The non-primary host members are listed underneath the primary host, in non-bold font.

19: Non-primary host member description will include a description of their relation to the host in parenthesis following the member's other information.

20: Organizations that the host holds memberships in.

21: Languages that the host speaks. The number in parenthesis describes the hosts' fluency: 3 for high fluency, 2 for moderate fluency, 1 for low fluency.

22: The email address(s) you can contact the host with, followed by a description of that email address's use (Default, business, etc.)

23: Phone numbers you may use to contact the host, along with a description of that phone number (Home, Cell, etc.)

24: Places that the host has lived in (many countries are displayed with an 3 letter ISO country code to conserve space.)

25: Places that the host has traveled in (Many countries displayed with a country code.)

26: Notes for travelers, this is a good place to inform travelers of any special preparations they should make, or the state of transportation in the area.

27: Descriptions of why they should travel to this specific area.

28: Personal interests of the hosts.
